

HOW TO SET UP YOUR MOZILLA FIREFOX BROWSER TO AUTOMATICALLY CLEAR CACHE & COOKIES

1.

Once your browser is open on a *non-FSU* page (i.e. Google.com), CLICK the 'Firefox' menu button ('Tools' in Windows XP) at the top left corner. → Then SELECT the **right arrow next to 'Options'**.

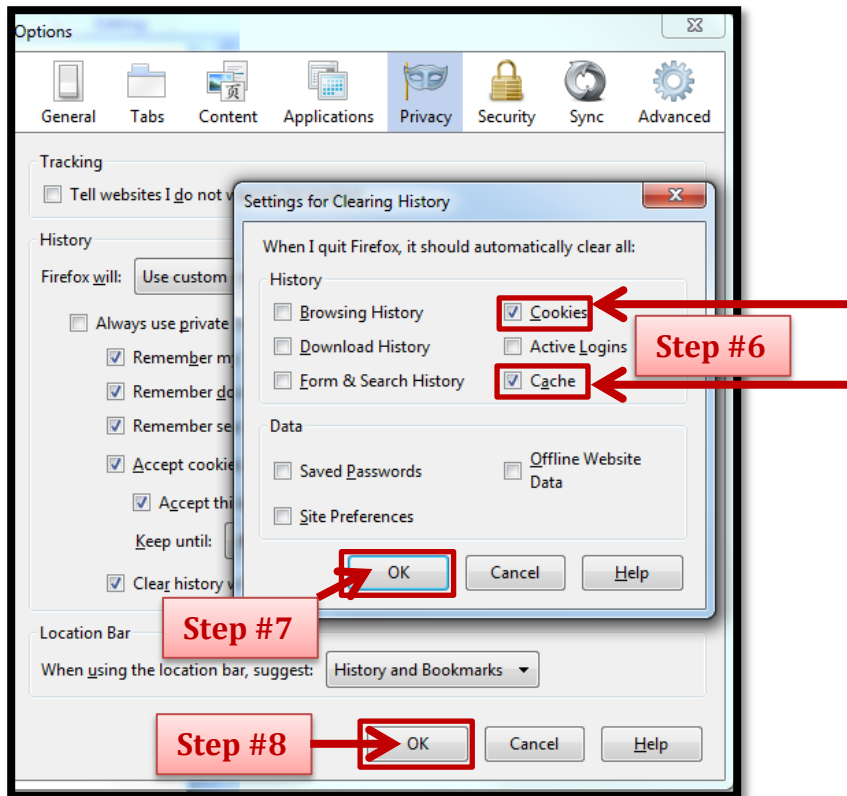

2.

After the Firefox 'Options' Window appears, SELECT the '**Privacy**' panel (identified by mask icon).

3. In the '**History**' section, SELECT dropdown and SET Firefox will: '**Use custom settings for history**'.

4. CHECK the box option for '**Clear history when Firefox closes**'.

5. Then SELECT the '**Settings...**' button so that the '**Settings for Clearing History**' window will open.

6.

In the **'Settings for Clearing History'** window, **'When I quit Firefox, it should automatically clear all:'** → Under **'History'**, CHECK the box options for **'Cookies'** and **'Cache'**.

7. CLICK the **'OK'** button to close the **'Settings for Clearing History'** window.
8. CLICK the **'OK'** button again to close the Firefox **'Options'** window.
9. After you have finished completing these steps, please **CLOSE** your browser.
