# WELCOME LETTER

## FROM COUNCIL PRESIDENTS

---

Greetings Noles!

We are so glad that you are interested in Greek Life at Florida State University. Our community constitutes more than 5,800 members who represent 57 chapters, and each council continues to grow every year as we recruit new members. College is an amazing experience, but what makes it a unique and life-changing experience is becoming a part of a fraternity or sorority. We hope that you explore all of the incredible possibilities and experiences that Greek Life has to offer.

Our FSU Greek community has a long history and is deeply rooted in each organization's values. There are many different clubs on campus, but what sets Greek Life apart from other organizations is our commitment to our four core values of scholarship, service, leadership, and sisterhood/brotherhood. By upholding these four principles, the Greek community at Florida State represents an outstanding group of students who achieve and succeed on a daily basis.

The Greek community also fosters unparalleled opportunities for involvement and leadership. Through on-campus leadership opportunities, positions within each specific Greek organization, and positions serving the Greek community, students are exposed to a multitude of opportunities that can enhance their college experience and develop them into strong leaders. Furthermore, the personal enrichment that accompanies the brotherhood/sisterhood of a Greek organization proves to be one of the most treasured friendships that last far beyond the four years of college.

We have a passion for not only our councils, but for the Greek experience. It has undoubtedly molded us into the leaders we are and the people that we will be. This community is unlike any other, and we will always appreciate and recognize the impact that this community had on us.

Go Noles!

The Greek community exists as a proven support system for hundreds of thousands of men and women across the country and around the world. The mission of the Office of Greek Life is to enhance the quality of student life at Florida State University by empowering members of the Greek community through advising with a developmental approach, educating with purpose, communicating with stakeholders, and cultivating collective partnerships. To me, being Greek means becoming part of a group of people who share the same goals, dreams, and aspirations and strive to help each other achieve them. It's a home away from home, a place where I have made my truest friends, and most of all, a lifetime bond built with memories and experiences that can never be forgotten.

# WHY GO GREEK?

---

At first glance, FSU can seem overwhelming with a population of more than 40,000 students. The Greek community gives students the chance to make a big campus feel small. When choosing a fraternity or sorority, you should look for a comfortable fit – a place where you share values and interests with the other members. By choosing to become a member of a Greek organization, you will meet people who grow to be your closest friends, those who will cheer you on when you are successful and will support you when the going gets tough. Greek organizations promote the development of close ties between members through living, studying, working, and having fun together.

## **BROTHERHOOD/SISTERHOOD**

Joining a fraternity or sorority at Florida State will give you a home away from home. As a member of a Greek organization, you will form meaningful connections and lifelong friendships with a diverse group of students who all share a common set of values and ideals.

## **LEADERSHIP**

Fraternities and sororities are learning laboratories that give students the opportunity to learn, test, and grow as they develop as individuals and as leaders. As student-run organizations, fraternities and sororities elect members to serve in positions ranging from Committee Chair to President.

## **SERVICE**

Every fraternity and sorority believes in making a difference in the world, and members of the Florida State Greek community never stop giving back. Greek organizations at FSU host their own community service and philanthropic activities as well as participate in Dance Marathon, Relay for Life, and other major campus service events, devoting countless hours and millions of dollars to causes greater than themselves.

## **SCHOLARSHIP**

All members of fraternities and sororities share one commonality: they are students first. Greek organizations at Florida State consistently rank at or above the undergraduate grade point average, and many chapters host intentional programming geared at improving the scholastic performance of its members.

## **RITUAL**

Each one of the chapters at FSU is a part of a larger national or international organization. This provides a unique opportunity to have a shared experience with members of the same organization across the country and even the world. The rituals are private ceremonies that are values-based, unique, and the same for every single member joining the organization.

# UNIVERSITY POLICIES

---

## ALCOHOL POLICY

The Florida State University affirms the guiding ethical principle of responsible freedom. Students, staff and faculty are expected to show respect for order, ethical conduct, and the rights of others, and to model in daily living a high sense of personal honor and integrity. Florida State University neither encourages nor condemns the legal consumption of alcoholic beverages. The university recognizes, however, that the majority of undergraduate students are below the legal drinking age and that there are serious health risks and behavior problems associated with the use of alcohol in the collegiate environment. Consequently, alcohol will be permitted at Florida State University or programs sponsored by Florida State University or its direct support organizations only in those settings which:

1. Comply with federal or state laws, local ordinances, University regulations, foreign country laws (in the case of study abroad programs conducted by Florida State University International Programs, Inc.), Student Conduct Code, and this policy;
2. Present minimal health and safety risks; and
3. In no way inhibit the full participation of those who choose not to drink alcohol.

**Events and activities that encourage excessive drinking and/or lead to the endangerment of individuals will not be permitted.** Any person or group in violation of federal or state laws, local ordinances, or of this policy will be reported to the proper federal, state, local or university authorities for appropriate action.

## ENROLLMENT POLICY

Fraternities and sororities can only open their membership to Florida State University students who are full-time (9+ credit hours), degree seeking students in good standing with the University. Because our community believes so strongly in the values of the Greek experience, we believe this expectation is critical and necessary to preserve the high quality of students that become involved in the Greek community. Membership in Greek organizations is a privilege that should be reserved for students who are matriculating and contributing to the University community. Fraternities or sororities that have non-University affiliated individuals within their chapters are operating outside of the University's expectations and subject to review under the Student Conduct Code.

# UNIVERSITY POLICIES

---

## HAZING POLICY

Florida is widely viewed as having the nation's toughest hazing law for several reasons:

1. Florida is the first State in the nation to create a felony designation for hazing-related harm
2. The law clearly establishes that the following statements cannot be used as an excuse for hazing: (a) All people voluntarily participated; (b) All people could have left at any time and still would have been able to join the group; and (c) The leaders/officers of the group were not aware of the incident and the hazing activity was not officially approved or sponsored by the group.

*We believe the law was written this way to make a clear statement that people share responsibility for the safety of others within their social environment. We also believe the law was written to insure that those found responsible for causing hazing harm will be held accountable.*

### **What does the FSU Student Conduct Code say about hazing?**

Any activity that a reasonable person would conclude: endangers a student's mental or physical health, unreasonably interferes with a student's academic

performance, creates unnecessary fatigue (e.g., late night tasks/activities or calisthenics that are not supported by a University office or department), or that subjects another student to embarrassment, degradation or humiliation may be considered hazing at FSU. It is also a violation of the Student Conduct Code to retaliate against a person for reporting a hazing concern. An incident can be considered 'hazing' in our community when any of the above characteristics are present. An incident can also be considered 'hazing' in our community even when it is not considered 'hazing' under State law.

At FSU we believe students should not be demeaned or exposed to harm when pursuing involvement in campus life. Our community wants to increase student involvement and engagement. Hazing has the reverse effect. Hazing creates an unsafe environment that does not support our educational mission and is not consistent with our community's values.

To learn more about this please visit [www.hazing.fsu.edu](http://www.hazing.fsu.edu)

To read the full definition of hazing from the Code of Conduct please visit <http://srr.fsu.edu/Student-Conduct-Code>

# FREQUENTLY ASKED QUESTIONS

---

## **HOW CAN BEING GREEK HELP ME SUCCEED ACADEMICALLY?**

Academic success is an important part of college life. One of the central purposes of fraternities and sororities is to promote academic excellence. Each organization requires a minimum grade point average to remain an active member of the chapter. All chapters emphasize the value of academic success and will help you succeed with scholarship programs, study halls, incentive programs, and study buddies.

## **ARE GREEK STUDENTS INVOLVED ON CAMPUS?**

Greek organizations give members the opportunity to enhance and develop their leadership skills. Members of the Greek community are represented in most campus groups including Student Government Association, Student Alumni Association, Orientation Leaders, Dance Marathon, Homecoming and many more. As a chapter member, you will have the opportunity to become involved in a variety of Greek organizations including the Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, and the Panhellenic Association.

## **DO GREEKS PARTICIPATE IN COMMUNITY SERVICE?**

Every year Greek students give thousands of hours of service to the community. Members donate their time to projects such as: Habitat for Humanity, reading to underprivileged children, Adopt-A-Highway, and the Special Olympics. Greeks also sponsor fundraising activities for charitable organizations.

Each fraternity and sorority chapter has its own national philanthropy, which it supports on an ongoing basis. Chapters have special events to raise money for their particular project. Some of the projects that chapters are involved with include raising money for research for the blind, children with terminal illnesses, women with breast cancer, and victims of domestic violence.

## **DOES BEING A MEMBER OF A GREEK LETTER ORGANIZATION HAVE BENEFITS AFTER GRADUATION?**

With the job market becoming increasingly competitive, a college degree no longer guarantees a successful career. What you know is now just as important as who you know. When someone joins a fraternity or sorority, they begin building relationships with the families and friends of those chapter members. Members are also introduced to alumni of their chapters all over the country. By joining a Greek letter organization, you can create an entire network of people, from which could possibly come a future employer, spouse, or lifelong friend.

## **WHAT'S THE COST ASSOCIATED WITH BEING GREEK?**

Joining a fraternity or sorority does carry a financial commitment. Each chapter is self-supporting through dues paid by members. When students join a Greek letter organization, they also agree to pay dues and to maintain membership. Although chapters may make accommodations for special needs, students should discuss the financial obligations with their family and chapter leaders before deciding to join.

## INVOLVEMENT & AFFILIATIONS PANHELLENIC ASSOCIATION

Panhellenic chapters have been at Florida State University for 108 years. What most people don't realize is that when you join a sorority you are not just joining a chapter on Florida State's campus, you are joining a community with years of tradition. The bond of sorority sisters is so much deeper than any other friendship you'll find because we eat together, study together, do community service together, live together, and above all want and value the same things.

# BROTHERHOOD / SISTERHOOD

---

One of the most memorable benefits of joining the Greek community is the long-lasting friendships that develop. Being a member of a Greek organization is not the only way to expand your social circle at FSU; however, it is a consistent and exciting approach to meeting many diverse students. Joining a fraternity or sorority is not about conformity; instead, it teaches students how to develop their individuality and still be able to participate in group dynamics. Memories, internship opportunities and employment opportunities are limitless as students connect with their peers in the Greek community. Life-long connections are formed as a student becomes more involved within their chapter and their council.

The Greek community is an amazing social resource because it means there is always someone you can study with, or go to the gym, catch a concert or movie, enjoy Tallahassee nightlife, or just sit, chat, and relax! In addition to the typical bonding activities, Greek students have found other ways to have fun and meet people. Homecoming, Dance Marathon, and Greek leadership conferences are other ways that Greek organizations are paired up to network.

*"Each chapter is unique on our campus, but we all make up one Greek community. So, I encourage you to keep an open mind to which council and chapter that you are interested in. I love my chapter and my community, and I would encourage anyone who is thinking about going through recruitment to do it." - Patricia F.*

# COMMUNITY SERVICE & PHILANTHROPY

---

Greek students are committed to being a positive entity in our Tallahassee community by participating in many campus-wide philanthropies and local projects. Each fraternity and sorority has its own philanthropy that it supports every year. These many service hours not only benefit the community but are documented in transcripts which act as a valuable asset for applications to graduate school, scholarships, awards, and professional organizations. The time devoted to and the funds raised for various philanthropies are a way for Greek students to enjoy an enriching experience at FSU, while making a positive difference in the lives of others.

## **ALTERNATIVE SPRING BREAK \*SIGNATURE EVENT\***

The Greek community at Florida State University holds four values very close: leadership, brotherhood/sisterhood, scholarship and service. In an effort to strengthen the value of service, our office created an Alternative Spring Break. Spring of 2013, 10 students and one staff member ventured to Jamaica. Throughout the week, students participated in hands on service with members of the Jamaican community. The group visited Negril and Treasure Beach, assisting in helping to restore and build school buildings. Participants also had the opportunity to immerse themselves in the Jamaican culture.

Blending academic and co-curricular content, the course helps students identify and formulate personal values in the context of their Greek experience, develop relationship skills through interactive dialogue and presentations, and demonstrate cognitive development through self-evaluation and the creation of leadership action plan.

## GREEK LEADERSHIP SUMMIT

Greek Leadership Summit is a leadership retreat offered in January of each year for chapter presidents and officers of governing councils. The January Summit is a two-night, weekend retreat held outside of Tallahassee that focuses on leadership development, community-building, and risk management.

*"In order to get the most out of your time in Greek life, you need to realize you only get out what you put in. That means giving your chapter 100% and dedicating yourself to the values your founders created." - Cordy S.*
