Using Avaya J100 Expansion Module for SIP
© 2020-2023, Avaya Inc. All Rights Reserved.

Note
Using a cell, mobile, or GSM phone, or a two-way radio in close proximity to an Avaya IP telephone might cause interference.

Documentation disclaimer
"Documentation" means information published in varying mediums which may include product information, operating instructions and performance specifications that are generally made available to users of products. Documentation does not include marketing materials.

YOU HAVE THE AUTHORITY TO BIND SUCH ENTITY TO THESE COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT THAT IF YOU ARE ACCEPTING THE TERMS OF USE ON BEHALF OF YOURSELF AND THE ENTITY FOR WHOM YOU ARE DOING SO (HEREINAFTER REFERRED TO INTERCHANGEABLY AS "YOU" AND "END USER"), AGREE TO THESE TERMS AND CONDITIONS AND CREATE A BINDING CONTRACT BETWEEN YOU AND AVAYA INC. OR THE APPLICABLE AVAYA AFFILIATE ("AVAYA").

Avaya shall not be responsible for any modifications, additions, or deletions to the original published version of Documentation unless such modifications, additions, or deletions were performed by or on the express behalf of Avaya. End User agrees to indemnify and hold harmless Avaya, Avaya's agents, servants and employees against all claims, lawsuits, demands and judgments arising out of, or in connection with, subsequent modifications, additions or deletions to this documentation, to the extent made by End User.

Link disclaimer
Avaya is not responsible for the contents or reliability of any linked websites referenced within this site or Documentation provided by Avaya. Avaya is not responsible for the accuracy of any information, statement or content provided on these sites and does not necessarily endorse the products, services, or information described.

Hosted Service
"Hosted Service" means an Avaya hosted service subscription that you acquire from either Avaya or an authorized Avaya Channel Partner (as applicable) and which is described further in Hosted SAS or other service description documentation regarding the applicable hosted service. If you purchase a Hosted Service subscription, the foregoing limited warranty may not apply but you may be entitled to support services in connection with the Hosted Service as described further in your service description documents for the applicable Hosted Service. Contact Avaya or Avaya Channel Partner (as applicable) for more information.

Warranty
Avaya provides a limited warranty on Avaya hardware and software. Refer to your sales agreement to establish the terms of the limited warranty. In addition, Avaya’s standard warranty language, as well as information regarding support for this product while under warranty is available to Avaya customers and other parties through the Avaya Support website: https://support.avaya.com/helpcenter/getGenericDetails?detailId=C20091120112456651010 under the link “Warranty & Product Lifecycle” or such successor site as designated by Avaya. Please note that if you acquired the product(s) from an authorized Avaya Channel Partner outside of the United States and Canada, the warranty is provided to you by said Avaya Channel Partner and not by Avaya.

License types
Designated System(s) License (DS). End User may install and use each copy or an Instance of the Software only: 1) on a number of Designated Processors or 2) on a number ofLicenses

THE SOFTWARE LICENSE TERMS AVAILABLE ON THE AVAYA WEBSITE, HTTPS://SUPPORT.AVAYA.COM/LICENSEINFO, UNDER THE LINK “AVAYA SOFTWARE LICENSE TERMS (Avaya Products)” OR SUCH SUCCESSOR SITE AS DESIGNATED BY AVAYA, ARE APPLICABLE TO ANYONE WHO DOWNLOADS, USES AND/OR Installs AVAYA SOFTWARE, PURCHASED FROM AVAYA INC., ANY AVAYA AFFILIATE, OR AN AVAYA CHANNEL PARTNER (AS APPLICABLE) UNDER A COMMERCIAL AGREEMENT WITH AVAYA OR AN AVAYA CHANNEL PARTNER, UNLESS OTHERWISE AGREED TO BY AVAYA IN WRITING, AVAYA DOES NOT EXTEND THIS LICENSE IF THE SOFTWARE WAS OBTAINED FROM ANYONE OTHER THAN AVAYA, AN AVAYA AFFILIATE OR AN AVAYA CHANNEL PARTNER.

Avaya reserves the right to take legal action against you and anyone else using or selling the Software without a License. By installing, downloading or using the Software, or authorizing others to do so, you, on behalf of yourself and the entity for whom you are installing, downloading or using the Software (hereinafter referred to interchangeably as “you” and “end user”), agree to these terms and conditions and create a binding contract between you and Avaya Inc. or the applicable Avaya Affiliate (“Avaya”).

License types
Designated System(s) License (DS). End User may install and use each copy or an instance of the Software only: 1) on a number of Designated Processors up to the number indicated in the order; or 2) up to the number of Licenses or Units of Capacity specified in the documentation or other materials available to you. “Software” means computer programs in object code, provided by Avaya or an Avaya Channel Partner, whether as stand-alone products, pre-installed on hardware products, and any upgrades, updates, patches, bug fixes, or modified versions thereonto. “Designated Processor” means a single stand-alone computing device. “Server” means a set of Designated Processors that hosts (physically or virtually) a Software application to be accessed by multiple users. “Instance” means a single copy of the Software executing at a particular time: (i) on one physical machine; or (ii) on one deployed software virtual machine (“VM”) or similar deployment.

License terms
End User may install and use the Software in accordance with the terms and conditions of the applicable license agreements, such as “shrinkwrap” or “click-to-accept” license accompanying or applicable to the Software (“Shrinkwrap License”) as indicated in the order, Documentation, or as authorized by Avaya in writing.

Heritage Nortel Software
“Heritage Nortel Software” means the software that was acquired by Avaya as part of its purchase of the Nortel Enterprise Solutions Business in December 2009. The Heritage Nortel Software is the software contained within the list of Heritage Nortel Products located at https://support.avaya.com/LicenseInfo under the link “Heritage Nortel Products” or such successor site as designated by Avaya. For Heritage Nortel Software, Avaya grants Customer a license to use Heritage Nortel Software provided hereunder solely to the extent of the authorized activation or authorized usage level, solely for the purpose specified in the Documentation, and solely as embedded in, for execution on, or for communication with Avaya equipment.

Warranty
Avaya grants You a license within the scope of the license types described below, with the exception of Heritage Nortel Software, for which the scope of the license is detailed below. Where the order documentation does not expressly identify a license type, the applicable license will be a Designated System License as set forth below in the Designated System(s) License (DS) section as applicable. The applicable number of licenses and units of capacity for which the license is granted will be one (1), unless a different number of licenses or units of capacity is specified in the documentation or other materials available to You.

Heritage Nortel Software
Charges for Heritage Nortel Software may be based on extent of activation or use authorized as specified in an order or invoice.

Copyright
Except where expressly stated otherwise, no use should be made of materials on this site, the Documentation, Software, Hosted Service, or hardware provided by Avaya, unless content on this site, the documentation, Hosted Service, and the product provided by Avaya including the selection, arrangement and design of the content is owned either by Avaya or its licensors and is protected by copyright and other intellectual property laws including the sui generis rights relating to the protection of databases. You may not modify, copy, reproduce, republish, upload, post, transmit or distribute in any way any content, in whole or in part, including any code and software unless expressly authorized by Avaya. Unauthorized reproduction, transmission, dissemination, storage, and or use without the express written consent of Avaya can be a criminal, as well as a civil offense under the applicable law.

Virtualization
The following applies if the product is deployed on a virtual machine. Each product has its own ordering code and license types. Unless otherwise stated, each Instance of a product must be separately licensed and ordered. For example, if the end user customer or Avaya Channel Partner would like to install two Instances of the same type of products, then two products of that type must be ordered.

Third Party Components
“Third Party Components” mean certain software programs or portions thereof included in the Software or Hosted Service may contain software (including open source software) distributed under third party agreements (“Third Party Components”), which contain terms regarding the rights to use certain portions of the Software (“Third Party Terms”). As required, information regarding distributed Linux OS source code (for those products that have distributed Linux OS source code) and identifying the copyright holders of the Third Party Components and the Third Party Terms that apply is available in the products, Documentation or on Avaya’s website at: https://support.avaya.com/Copyright or such successor site as designated by Avaya. The open source software license terms provided as Third Party Terms are consistent with the license rights granted in these Software License Terms, and may contain additional rights benefiting You, such as modification and distribution of the open source software. The Third Party Terms shall take precedence over these Software License Terms, solely with respect to the applicable Third Party Components to the extent that these Software License Terms impose greater restrictions on You than the applicable Third Party Terms.

The following applies only if the H.264 (AVC) codec is distributed with the product. THIS PRODUCT IS LICENSED UNDER THE AVC PATENT PORTFOLIO LICENSE FOR THE PERSONAL USE OF A CONSUMER OR OTHER USES IN WHICH IT DOES NOT RECEIVE REMUNERATION TO (I) ENCODE VIDEO IN COMPLIANCE WITH THE AVC STANDARD (“AVC VIDEO”) AND/OR (II) DECODE AVC VIDEO THAT WAS ENCODED BY A CONSUMER ENGAGED IN A PERSONAL ACTIVITY AND/OR WAS OBTAINED FROM A VIDEO PROVIDER LICENSED TO PROVIDE AVC VIDEO. NO LICENSE IS GRANTED OR SHALL BE IMPLIED FOR ANY OTHER USE. ADDITIONAL INFORMATION MAY BE OBTAINED FROM MPEG LA, L.L.C. SEE HTTP://WWW.MPEGLA.COM.

WITH RESPECT TO CODECS, IF THE AVAYA CHANNEL PARTNER IS HOSTING ANY PRODUCTS THAT USE OR EMBED THE H.264 CODEC OR H.265 CODEC, THE AVAYA CHANNEL PARTNER ACKNOWLEDGES AND AGREES THE AVAYA CHANNEL PARTNER IS RESPONSIBLE FOR ANY AND ALL RELATED FEES AND/OR ROYALTIES. THE H.264 (AVC) CODEC IS LICENSED UNDER THE AVC PATENT PORTFOLIO LICENSE FOR THE PERSONAL USE OF A CONSUMER OR OTHER USES IN WHICH IT DOES NOT RECEIVE REMUNERATION TO: (I) ENCODE VIDEO IN COMPLIANCE WITH THE AVC STANDARD (“AVC VIDEO”) AND/OR (II) DECODE AVC VIDEO THAT WAS ENCODED BY A CONSUMER ENGAGED IN A PERSONAL ACTIVITY AND/OR WAS OBTAINED FROM A VIDEO PROVIDER LICENSED TO PROVIDE AVC VIDEO. NO LICENSE IS GRANTED OR SHALL BE IMPLIED FOR ANY OTHER USE. ADDITIONAL INFORMATION FOR H.264 (AVC) AND H.265 (HEVC) CODECS MAY BE OBTAINED FROM MPEG LA, L.L.C. SEE HTTP://WWW.MPEGLA.COM.

Compliance with Laws
You acknowledge and agree that it is Your responsibility for complying with any applicable laws and regulations, including, but not limited to laws and regulations related to call recording, data privacy, intellectual property, trade secret, fraud, and music performance rights, in the country or territory where the Avaya product is used.

Preventing Toll Fraud
“Toll Fraud” is the unauthorized use of your telecommunications system by an unauthorized party (for example, a person who is not a corporate employee, agent, subcontractor, or is not working on your company’s behalf). Be aware that there can be a risk of Toll Fraud associated with your system and that, if Toll Fraud occurs, it can result in substantial additional charges for your telecommunications services.

Avaya Toll Fraud intervention
If You suspect that You are being victimized by Toll Fraud and You need technical assistance or support, call Technical Service Center Toll Fraud Intervention Hotline at +1-800-643-2353 for the United States and Canada. For additional support telephone numbers, see the Avaya Support website: https://support.avaya.com or such successor site as designated by Avaya.

Security Vulnerabilities
Information about Avaya’s security support policies can be found in the Security Policies and Support section of https://support.avaya.com/security.

Suspected Avaya product security vulnerabilities are handled per the Avaya Product Security Support Flow (https://support.avaya.com/css/P8/documents/100161515).

Downloading Documentation
For the most current versions of Documentation, see the Avaya Support website: https://support.avaya.com or such successor site as designated by Avaya.

Contact Avaya Support
See the Avaya Support website: https://support.avaya.com for product or Hosted Service notices and articles, or to report a problem with your Avaya product or Hosted Service. For a list of support telephone numbers and contact addresses, go to the Avaya Support website: https://support.avaya.com (or such successor site as designated by Avaya), scroll to the bottom of the page, and select Contact Avaya Support.

Regulatory Statements
Industry Canada (IC) Statements
This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Japan Statements
Class B Statement
This is a Class B product based on the standard of the VCCI Council. If this is used near a radio or television receiver in a domestic
environment, it may cause radio interference. Install and use the
equipment according to the instruction manual.

U.S. Federal Communications Commission (FCC) Statements

Compliance Statement

The changes or modifications not expressly approved by the party
responsible for compliance could void the user’s authority to operate
the equipment.

To comply with the FCC RF exposure compliance requirements,
this device and its antenna must not be co-located or operating to
conjunction with any other antenna or transmitter.

This device complies with part 15 of the FCC Rules. Operation is
subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received,
   including interferences that may cause undesired
   operation.

Class B Part 15 Statement

This equipment has been tested and found to comply with the limits
for a Class B digital device, pursuant to Part 15 of the FCC Rules.
These limits are designated to provide reasonable protection against
harmful interferences in a residential installation. This equipment
generates, uses and can radiate radio frequency energy and, if
not installed and used in accordance with the instructions, may
cause harmful interference to radio communications. However, there
is no guarantee that interference will not occur in a particular
installation. If this equipment does cause harmful interferences to
radio or television reception, which can be determined by turning
the equipment off and on, the user is encouraged to try to correct the
interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from
  that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for
  help.

EU Countries

This device when installed complies with the essential requirements
and other relevant provisions of EMC Directive 2014/30/EU and LVD
Directive 2014/35/EU. A copy of the Declaration may be obtained
from http://support.avaya.com or Avaya Inc., 4655 Great America
Parkway, Santa Clara, CA 95054–1233 USA.

General Safety Warning

- Use only the Avaya approved Limited Power Source power
  supplies specified for this product.
- Ensure that you:
  - Do not operate the device near water.
  - Do not use the device during a lightning storm.
  - Do not report a gas leak while in the vicinity of the leak.

Trademarks

The trademarks, logos and service marks (“Marks”) displayed in this
site, the Documentation, Hosted Service(s), and product(s) provided
by Avaya are the registered or unregistered Marks of Avaya, its
affiliates, its licensors, its suppliers, or other third parties. Users
are not permitted to use such Marks without prior written consent
from Avaya or such third party which may own the Mark. Nothing
contained in this site, the Documentation, Hosted Service(s) and
product(s) should be construed as granting, by implication, estoppel,
or otherwise, any license or right in and to the Marks without the
express written permission of Avaya or the applicable third party.

Avaya is a registered trademark of Avaya Inc.

All non-Avaya trademarks are the property of their respective owners.

Device Usage Consent

By using the Avaya device you agree that Avaya, from time to
time, may collect network and device data from your device and may
use such data in order to validate your eligibility to use the device.

Chapter 1: Introduction

Purpose

This document is intended for end users and provides an overview of the features available on Avaya J100 Expansion Module for SIP firmware. It also describes procedures to set up Avaya J100 Expansion Module functionalities.

Change history

<table>

</table>
Chapter 2: Overview

Avaya J100 Expansion Module overview

With Avaya J100 Expansion Module (JEM24), you can extend the number of call appearances and feature buttons on Avaya J169/J179 IP Phone and Avaya J189 IP Phone. The call appearances and features appear on Avaya J100 Expansion Module and the corresponding lines of the phone.

You can connect a maximum of three expansion modules to Avaya J169/J179 IP Phone and two expansion modules to Avaya J189 IP Phone. Avaya J189 IP Phone also has a secondary screen that behaves as an inbuilt module. When an expansion module is connected to a phone, it inherits the display properties of the phone.

The following table shows the number of available lines corresponding to the number of button modules attached to the phone:

<table>
<thead>
<tr>
<th>Expansion modules</th>
<th>Calling lines / Features / Applications</th>
<th>Switching between pages</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>72 (24 on each page)</td>
<td>Yes</td>
</tr>
<tr>
<td>2</td>
<td>24</td>
<td>No</td>
</tr>
<tr>
<td>3</td>
<td>24</td>
<td>No</td>
</tr>
</tbody>
</table>

You cannot use the toggle button on the JEM24 in the following scenarios:

- When you connect more than one JEM24 to the phone.
- When you connect one or more JEM24 to an Avaya J189 IP Phone.

The following table shows the number of physical feature keys available on the J100 phone models and JEM24s:

<table>
<thead>
<tr>

Avaya J100 Expansion Module can be placed in two stand positions and a wall-mount position with the phone.

**Note:**

The wall mounting bracket for Avaya J100 Expansion Module must be ordered separately, along with the wall mounting kit. For Avaya J100 Expansion Module wall mounting instructions, see *Installing and Administering Avaya J100 Series IP Phones*.

If you use PoE to power up your phone, you can attach only one expansion module. To attach more expansion modules, use a power supply unit.

**Important:**

Avaya J100 Expansion Module does not support hot-plugging. Connect all Avaya J100 Expansion Modules to the phone before connecting the phone to a power source.
Physical layout
<table>
<thead>
<tr>
<th>No.</th>
<th>Name</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1   | Line buttons with integrated LEDs | Line buttons used for receiving calls, making outgoing calls, and answering them for other extensions or accessing features. The LEDs integrated in the line buttons are synchronized with the LEDs on the phone. Turning off the backlight of the phone turns off the line button LEDs on the expansion module. Line button LEDs indicate the following:  
• The green light indicates an incoming call or an enabled feature.  
• The red light indicates that the line is in use or the feature has been disabled. |
| 2, 4| Left and Right page buttons   | Buttons used to switch to a different active page.                                                                                                                                                          |
| 3   | Active page LEDs              | Three LEDs indicating which active page is displayed.                                                                                                                                                        |

**Note:**
The indication will change if only one Avaya J100 Expansion Module if attached. If more expansion modules are attached, the first LED is lit permanently.

### Avaya J100 Expansion Module icons

Avaya J100 Expansion Module uses the icons of the phone model it is attached to.

🌟 **Note:**
The icons of Avaya J100 Expansion Module attached to Avaya J169 IP Phone are grayscaled.

For more information about Avaya J100 Expansion Module icons, see the related section in the user guide of your phone model.

### Avaya J100 Expansion Module upgrade indication

Avaya J100 Expansion Module firmware upgrade process is indicated by displaying the Upgrade notification on the expansion module.

Once the updated firmware has been downloaded, Avaya J100 Expansion Module displays the following notification: This device will be out of service for 3 minutes to apply the update.

Press the corresponding line button for **Apply now** or **Apply tonight** option to select the suitable upgrade time.

🌟 **Note:**
When the Upgrade notification is displayed, the expansion module screen saver is disabled and the backlight is not turned off.
The expansion module lines and icons in CCMS mode

In the IP Office environment, Avaya J169/J179 IP Phones use CCMS over SIP mode which provides an extended feature set.

In the Avaya Aura® environment, the lines are numbered in rows. You can scroll from the top right line to the top left one, then you are switched to the row below.

In CCMS mode, the lines are numbered in columns. First, you can scroll from top to bottom of the left column, then you are switched to top of the right column.

⚠️ Important:

There is no icons support in CCMS mode, the text labels start at the beginning of the line.
Chapter 3: Call operations

Making a call

About this task
Use this procedure to make a call using the expansion module lines. An outgoing call is indicated with the outgoing call icon. The LED integrated in the line buttons are synchronized with the LED’s on the phone (the green LED combined with the red LED).

Procedure
1. Lift the handset and press the line button corresponding to the extension number to which you want to call.
2. (Optional) Press the line button without lifting the handset to make a call using the speakerphone.
3. Press End call to end a call.

Answering a call

About this task
Use this procedure to answer an incoming call using the expansion module line buttons. An incoming call is indicated with the incoming call icon and the blinking green LED.

Procedure
Do one of the following:
• Press the flashing line button on Avaya J100 Expansion Module to activate the default audio device and answer the call.
• Pick up the handset.

When you answer the call, the incoming call icon changes, and the phone screen displays the call.

★ Note:
When the phone is locked, Avaya J100 Expansion Module lines will not be used. However, you can answer an incoming call using the expansion module line buttons.
Answering a call when on another call

About this task
Use this procedure to answer an incoming call during another call by using the expansion module line buttons.

Procedure
On Avaya J100 Expansion Module, press the flashing line button to activate the default audio device and answer the call.

The phone puts the first call on hold and moves to the second call.

Accessing features

About this task
If your system administrator has activated features such as Call Forwarding, Call Pickup, Auto Callback, you can enable and disable them on the Avaya J100 Expansion Module using feature labels. Some feature labels might be preset by the system administrator.

Procedure
On the Avaya J100 Expansion Module, press the labelled line button next to the feature you want to enable or disable.

The LED flashes green or red depending on whether the feature is enabled or disabled.

Applications

Applications overview
On Avaya J100 Expansion Module, you can quickly access applications like Contacts, Recents and Calendar by pressing the corresponding labelled button.

The following table shows some examples of applications available on the expansion module, their icons and description:

*Note:
The application icons on the expansion module are available only with the SIP firmware.
## Accessing applications

### Procedure

On the Avaya J100 Expansion Module, press the labelled line button next to the application you want to access.

Avaya J100 Expansion Module will display the application screen or activate the selected application immediately.

<table>

Chapter 4: Settings

Customizing the display

You can set a customized screen saver and background image for Avaya J100 Expansion Module (JEM24). Your administrator provides access to set these images.

You can set the background and screen saver image of the JEM24 using the:

- Pre-defined images
- Customized images
- Images that are the same as the primary display images

If you and your administrator do not set the screen saver and background image for the JEM24, the phone uses the Avaya Device Image by default.

If your administrator makes the required settings, you can set the same background and screen saver image for the primary display and the JEM24 module. The JEM24 display reflects any changes made to the primary display. If you select a custom image for the primary display, the JEM24 displays the default Avaya device image.

Use the phone Settings menu to configure the following Avaya J100 Expansion Module features:

- Background image
- Screen saver
- Font size
- Brightness

*Note:
Avaya J100 Expansion Module does not support adjusting the display contrast.

Avaya J100 Expansion Module displays fewer characters in a line than the JBM24 Button Module. If required, decrease the font size in the Settings menu on the phone.

Setting a background image unique to JEM24 display

About this task

Use this procedure to set a custom background image for Avaya J100 Expansion Module (JEM24).

You can set a built-in image or a custom image for your JEM24 display. Contact your administrator to upload custom background images to the phone.

You can change the background image of the JEM24 using the phone menu.
**Note:**
You cannot set a background image when the phone is downloading custom images. During the download, the phone screen displays *Downloading images to module.*

**Before you begin**
Ensure that your administrator provides access to set a background image.

**Procedure**
1. On the phone, press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Display** and press **Select**.
4. Scroll to **Background**, and press **Select**.
5. Select **Module Display**.
   You can set a background image for Avaya J100 Expansion Module. You can use either the built-in images or a custom image from the image list.
6. Scroll to the new image.
7. (Optional) To preview the image, press **Preview**, and then press **Back**.
8. Press **Select**.
9. Press **Save**.

**Setting the custom screen saver image**

**About this task**
Use this procedure to set a custom screen saver image for Avaya J100 Expansion Module (JEM24).

You can set a built-in image or a custom image for your JEM24 display. Contact your administrator to upload custom screen saver images to the phone.

You can change the screen saver image of the JEM24 using the phone menu.

**Note:**
You cannot set a screen saver image when the phone is downloading custom images. During the download, the phone screen displays *Downloading images to module.*

**Before you begin**
Ensure that your administrator provides access to set a screen saver image.

**Procedure**
1. On the phone, press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Display** and press **Select**.
4. Scroll to **Screen saver**, and press **Select**.

5. Select **Module Display**.

   You can set a screen saver for Avaya J100 Expansion Module. You can use either the built-in images or the custom image from the image list.

6. Scroll to the new image.

7. *(Optional)* To preview the image, press **Preview**, and then press **Back**.

8. Press **Select**.

9. Press **Save**.

## Adjusting the expansion module brightness

### Procedure

1. On the phone, press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Display** and press **Select**.
4. Scroll to **Brightness**, and press **Select**.
5. Scroll to **Module**.

6. *(Optional)* If there are more than one Avaya J100 Expansion Module attached, select the module by the module number.

7. Press one of the following:
   - **Right** arrow key: To increase the brightness.
   - **Left** arrow key: To decrease the brightness.

## Setting the text size

### Procedure

1. Press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Display** and press **Select**.
4. Scroll down to **Text size** and press **Select**.
5. Scroll down to **Primary display** and press **Select**.
6. Press one of the following:
   - **Right** arrow key: To increase the font size.
   - **Left** arrow key: To decrease the font size.

7. *(Optional)* To restore the default font size, press **Default**.

8. Press **Save**.
Customizing keys

Adding a labeled key

About this task
Use this procedure to add a labeled key to an empty line for a quick access to the contact, feature or application.

Before you begin
Ensure the Contacts list is not empty before adding a key labeled with the contact. See “Adding a new contact” section in the user guide of your phone model.

Procedure
1. Press Main Menu.
2. Scroll to Settings and press Select.
3. Scroll to Phone and press Select.
4. Scroll to Phone keys customization and press Select.
5. Scroll to Customize key and press Select.
6. To select an empty line, use Navigation keys.
7. Press Add and select one of the following:
   • Contact
   • Feature
   • App
8. In the new screen, scroll to the contact, feature or application you want to add and press Select.

Relabeling a key

About this task
Avaya J100 Expansion Module labels are preset by the system administrator. You can change these labels as required.

The first 24 keys are to customize the phone display screen. Keys 25 — 48 are to customize active page 1 of the button module. Keys 49 — 72 are to customize active page 2. Keys 73 — 96 are to customize active page 3.

Procedure
1. Press Main Menu.
2. Scroll to Settings and press Select.
3. Scroll to Phone and press Select.
4. Scroll to **Phone keys customization** and press **Select**.
5. Scroll to **Customize key** and press **Select**.
6. To select the required button key, use **Navigation** keys.
   When you scroll down using **Navigation** keys, the expansion module display highlights the key area.
7. To relabel a key, do the following:
   a. Press **Relabel**.
   b. Type the name of the label and press **Save**.

### Moving a key

**Procedure**

1. Press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Phone** and press **Select**.
4. Scroll to **Phone keys customization** and press **Select**.
5. Scroll to **Customize key** and press **Select**.
6. To select the button key you want to move, use **Navigation**.
7. To move the selected key, do the following:
   a. Press **Move**.
   b. Use the Navigation keys to move the selected line key.
   c. If the new location is empty, press **Select**.
   d. If the new location is already assigned with a key, press **Swap**.

### Deleting a key

**Procedure**

1. Press **Main Menu**.
2. Scroll to **Settings** and press **Select**.
3. Scroll to **Phone** and press **Select**.
4. Scroll to **Phone keys customization**, and press **Select**.
5. Scroll to **Customize key** and press **Select**.
6. Scroll to the button key you want to delete and press **Delete**.
7. In the confirmation window, press **Delete**.
Restoring customized keys to default

About this task
Use this procedure to restore the customized keys to administrator settings. The phone clears all your favorites, including Contact, Feature, and App favorites, and applies administrator settings. The procedure does not affect your customized labels.

Before you begin
Ensure that the administrator set customization mode as Full.

Procedure
1. Press Main Menu.
2. Scroll to Settings and press Select.
3. Scroll to Phone and press Select.
4. Scroll to Phone keys customization and press Select.
5. Scroll to Restore and press Select.
6. In the confirmation window, press Restore.
Chapter 5: Troubleshooting

Viewing the expansion module details

Viewing the expansion module details from Administration menu

Before you begin
Obtain the access code from the system administrator to access Administration menu.

Procedure
1. On the phone, press Main Menu.
2. Scroll to Administration, and press Select.
3. Enter the access code provided by the system administrator.
4. Scroll to View, and press Select.
5. Scroll to Button modules, and press Select.

The phone displays the name, software version, and current status of the expansion module. The status can be Connected, Disabled, Upgrading or empty.

Viewing the expansion module details from Main menu

Procedure
1. On the phone, press Main Menu.
2. Scroll to Network information, and press Select.
4. Scroll to Button modules, and press Select.

The phone displays the name, software version, and current status of the expansion module. The status can be Connected, Disabled, Upgrading or empty.
Common troubleshooting scenario

Condition
Either of the following is observed:

- Avaya J100 Expansion Module display screen is dark.
- The expansion module lines are not displayed.
- The action on Avaya J100 Expansion Module does not cause the corresponding result on the phone.
- The action on the phone does not cause the corresponding result on Avaya J100 Expansion Module.
- After the upgrade or downgrade is completed, the connection to Avaya J100 Expansion Module is lost.

Solution
1. Check if the phone has the power supply.
2. Check if Avaya J100 Expansion Module is attached to the phone correctly and the connection cable is not damaged.
3. Reboot the phone. The expansion module will reboot automatically.
4. Plug Avaya J100 Expansion Module connection cable out and in.
Chapter 6: Resources

Finding documents on the Avaya Support website

Procedure

2. At the top of the screen, type your username and password and click Login.
3. Click Support by Product > Documents.
4. In Enter your Product Here, type the product name and then select the product from the list.
5. In Choose Release, select the appropriate release number.
   The Choose Release field is not available if there is only one release for the product.
6. In the Content Type filter, click a document type, or click Select All to see a list of all available documents.
   For example, for user guides, click User Guides in the Content Type filter. The list only displays the documents for the selected category.
7. Click Enter.

Avaya Documentation Center navigation

For some programs, the latest customer documentation is now available on the Avaya Documentation Center website at https://documentation.avaya.com.

⚠️ Important:

For documents that are not available on Avaya Documentation Center, click More Sites > Support on the top menu to open https://support.avaya.com.

Using the Avaya Documentation Center, you can:

• Search for keywords.
  To filter by product, click Filters and select a product.
• Search for documents.
From **Products & Solutions**, select a solution category and product, and then select the appropriate document from the list.

- Sort documents on the search results page.
- Click **Languages** (🌐) to change the display language and view localized documents.
- Publish a PDF of the current section in a document, the section and its subsections, or the entire document.
- Add content to your collection using **My Docs** (⭐).

Navigate to the **Manage Content > My Docs** menu, and do any of the following:
- Create, rename, and delete a collection.
- Add topics from various documents to a collection.
- Save a PDF of the selected content in a collection and download it to your computer.
- Share content in a collection with others through email.
- Receive collection that others have shared with you.

- Add yourself as a watcher using the **Watch** icon (👁).

Navigate to the **Manage Content > Watchlist** menu, and do the following:
- Enable **Include in email notification** to receive email alerts.
- Unwatch selected content, all content in a document, or all content on the Watch list page.

As a watcher, you are notified when content is updated or deleted from a document, or the document is removed from the website.

- Share a section on social media platforms, such as Facebook, LinkedIn, and Twitter.
- Send feedback on a section and rate the content.

**Note:**

Some functionality is only available when you log in to the website. The available functionality depends on your role.

---

**Viewing Avaya Mentor videos**

Avaya Mentor videos provide technical content on how to install, configure, and troubleshoot Avaya products.
About this task

Videos are available on the Avaya Support website, listed under the video document type, and on the Avaya-run channel on YouTube.

- To find videos on the Avaya Support website, go to https://support.avaya.com/ and do one of the following:
  - In Search, type Avaya Mentor Videos, click Clear All and select Video in the Content Type.
  - In Search, type the product name. On the Search Results page, click Clear All and select Video in the Content Type.

  The Video content type is displayed only when videos are available for that product.

  In the right pane, the page displays a list of available videos.

- To find the Avaya Mentor videos on YouTube, go to www.youtube.com/AvayaMentor and do one of the following:
  - Enter a key word or key words in the Search Channel to search for a specific product or topic.
  - Scroll down Playlists, and click a topic name to see the list of videos available for the topic. For example, Contact Centers.

**Note:**

Videos are not available for all products.

---

**Support**

Go to the Avaya Support website at https://support.avaya.com for the most up-to-date documentation, product notices, and knowledge articles. You can also search for release notes, downloads, and resolutions to issues. Use the online service request system to create a service request. Chat with live agents to get answers to questions, or request an agent to connect you to a support team if an issue requires additional expertise.
